

Mixer Sponsorship

Sponsorships allow organizations to develop their brand and image as they engage in targeted exposure and promotion. Chamber Socials provide both member businesses and potential new customers with the opportunity to mingle and network in a relaxed atmosphere. Socials offer our members an opportunity to showcase their business to a captive audience. Only Chamber members in good standing have the privilege of hosting socials.

You'll get plenty of help hosting your mixer. Chamber staff is available to assist you in planning the event. Chamber Ambassadors greet guests and run the bar, allowing you time to network with your guests. Chamber Staff makes a brief welcome announcement, introduces you, and runs the prize drawing.
