

The Davis Chamber of Commerce is saddened to learn about the death of Davis Police Officer Natalie Corona. On behalf of the entire Davis Chamber of Commerce, the community of Davis and each of us as individuals who make up this community, our thoughts and prayers will be with the Corona Family and the Davis Police Department as they deal with this terrible loss.

The City of Davis would like residents to know that local sister police departments will be patrolling our community for the next two days in order to give the Davis Police Department time to process and grieve. We would like to extend our sincere thanks for their support at this time.
