Message from our new Board Chair

Dear Members,

I am truly honored to serve as the Chairman of your Board of Directors in 2016. It is through the extraordinary leadership of my predecessors in this role; and the tireless efforts of our amazing staff and committed team of volunteer board members and ambassadors, that the Chamber has become the highly professional, respected and impactful organization that it is today. I feel privileged to be a part of the leadership team dedicated to maximizing the value of your membership!

As many of you know, I began my work as board Chairman four months earlier than customary, for the very best of reasons: the Chamber hired the past board Chair, Christina Blackman, to be CEO! This fortunate transition has enabled me to partner directly with Christina to continue our shared mission for the Chamber, since September of 2015.

Since this transition last fall, the Chamber staff and board of directors has continued to refine and execute the objectives of our 2020 Prosperity Plan. The plan provides a solid framework to create and sustain partnerships within our 6-County capital region, while focusing on our Chamber mission of “promoting, supporting and advocating the general economic vitality of our members and the quality of life for our community.”

In 2016, the Chamber will continue to focus on our five core business objectives detailed in the plan: Enhance membership value; Strengthen community relations; Cultivate economic vitality; Engage in local and regional advocacy; Grow and maintain a world-class workforce.

As your Board Chairman, my additional goals for 2016 are to connect, convene and facilitate opportunities for collaboration across the private industry, academic and government sectors. I believe that the Chamber can be more impactful and create greater value for our members and for the Davis community, when we collaborate across these three sectors to reach our shared objectives. Message from Board

(Continued from page 1)
I will continue to encourage the Chamber staff, Board of Directors, and Ambassadors to personally engage with you, our valued Chamber members; and with our partners in the community, to build trust and strengthen our ability to work better together for mutual benefit. I am passionate about the exponential value of our service to you; and the positive difference that we can make in the lives of others in our community, when we all work together as a team.

I thank you for this opportunity to work for you, as your board Chairman; and I look forward to seeing you soon in the Davis community!!

Warmest regards,

Tamiko Gaines
